- >> Fabric and foam meet fire retardancy requirements of the California Technical Bulletin 117.
- >> Limited Manufacturer's Warranty - 3 years on all components except covers. Covers guaranteed free from defects upon delivery. Please follow care and laundering instructions.

CF530 Bariatric Chair

The Carefoam Tilt Rollabout is a truly unique tilt-in-space chair. The gas-cylinder-assisted tilt system is infinitely adjustable, enabling the resident to be positioned from upright to a comfortable recline. Family and staff appreciate the large wheels that are suitable for indoor and outdoor use. The Tilt Rollabout is especially recommended for those residents needing frequent position changes to reduce the possibility of tissue breakdown. The exclusive sling-back design provides lumbar support and thoracic stability, and the seating area is lined with memory foam. The adjustable leg rest is ideal for residents with contractures or for those who need maximum lower limb elevation. The Tilt Rollabout's dimensions and full-upright capability encourage use at the dining or activity table.

The CF530 Bariatric Tilt Rollabout has extended seat depth and extra thick seating with memory foam. This model features gas-cylinder-assisted leg rest movement and rolls easily through a 32" doorway.

Beige Alpine Fleece

Note: Because the leg rest extends forward of the front casters, the Tilt Rollabout is best suited for those clients who cannot or will not crawl out over the leg rest.

Important: NO CHAIR CAN TOTALLY PREVENT FALLS. CHAIR USERS SHOULD BE SUPERVISED AT ALL TIMES.
